Let us join this mass movement towards Surajya, realise the hopes and aspirations of the people and take India to greater heights!
Those who think for the country and work for its development have been given a platform to participate. I would like MyGov India to become a platform to showcase achievements of those common people who don’t get space on TV.

The Spirit of Participatory Democracy with MyGov.

“MyGov मंच ने गत 6 सालों में डिजिटल स्पेस में अपनी एक विशेष और महत्वपूर्ण जगह बनाई हुई है। इस मंच द्वारा पार्टिसिपेटिव गवर्नेंस को एक नया अर्थ प्राप्त हुआ है। हमारा यह उद्देश्य रहेगा कि आने वाले समय में भी यह मंच अपना विस्तार इस तरह करेंगे कि भारत के हर नागरिक तक हम पहुंच सकें। पार्टिसिपेटिव गवर्नेंस के बाद MyGov का अगला उद्देश्य आउटरीच गवर्नेंस होना चाहिए।

The MyGov India platform has made Indian citizens active participants in their country’s governance and development, by empowering them with a voice that is heard across all sections of the Government. I congratulate all MyGov fans on completing 6 eventful and positivity-filled years. In the years to come, through a combination of the right technology and the right communication, I am sure MyGov India will reach out to every Indian and empower them to play a constructive role in the New India of their dreams.

"A big thank you to the 1.2 crore strong MyGov family, for furthering the Hon PM’s vision of Surajya! We are at a critical moment in India’s history and you, MyGov Saathi, are playing an important role in the war against Coronavirus. In these challenging times, you are not only helping us be a bridge between citizens and the government, but also helping the Govt. shape a New India. Keep sending us your best thoughts and ideas that will build the Aatma Nirbhar Bharat that the world will look up to!"

Young change makers, resourceful innovators & the new wave avant-gardes like us stand at the forefront of this simple yet ingenious platform MyGov, created for citizen engagement for our diverse country. It’s great that we have a place to showcase & actually make a difference to public, through this. If you can do good to this world, then you are morally bound to do it & I’m glad I could do my bit!
MyGov bridges the gap between citizens and the government and allows young like-minded individuals like me to make our contributions in nation-building.
My Gov is a platform for common people of our country to actively participate in activities done by the Government. I have been a part of ISRO's Chandrayaan-2 landing due to My Gov as it gave me a platform to participate in Space quiz hosted by ISRO, I wish that 'My Gov' grows day by day to become a bigger platform.
Hon. Prime Minister’s vision of “minimum government, maximum governance” has been best implemented in last 6 years through My Govt digital platform, empowering citizens with a voice to participate equally in policy-making, sharing feedback on services, and get real-time responses!
"मैं आत्मनिर्भर तो मेरा भारत आत्मनिर्भर"

By providing citizens multiple avenues to share and express their creativity, **MyGov is in true sense making us Aatmanirbhar.**
Last Year I participated in space quiz contest and got a chance to meet Honorable Prime minister during live landing of Chandrayan II at ISRO head quarter Bengaluru. I thank MyGov for this wonderful platform, where we can connect with the government and be an active participant in National Building.
On MyGov, I can explore bunch of ideas and share stories. In my opinion, My Gov is steering a giant leap towards adopting sustainable governance on sustainable government.
Thank you MyGov for providing me once in a lifetime opportunity to witness the Chandrayaan-2 mission along with Hon. Prime Minister, Shri Narendra Modi.

Pranav Parashar
Six years in the service of nation, MyGov is a platform of true information & innovation. Hats off to your unconditional dedication, This is our new India with a New vision!
"MyGov it a great citizen engagement platform that helps us learn more about the policies of our government. **We get the opportunity to be a part of the national building process, and participate through various campaigns/discussion/boards/webinars/Pledge and much more.**

I am extremely glad for this pathbreaking initiative by the government of India. Thank you for making this marvelous application for us.
